

I am NOT in favor of LPFM stations taking priority over current FM translator service, such as used by the K-LOVE Radio Network. K-LOVE is VERY important to my wife, our two kids, and me as residents in our local community. K-LOVE gives very uplifting, Godly music that helps our family through the difficult times and increases our joy. Having K-LOVE displaced by a LPFM broadcaster would be a VERY big loss to our family and local community. The encouragement that K-LOVE provides is a huge benefit to the public.

Thank you for your time.  
Doyle Petersen
